What is so great about summer? Well it's the time you get out of school and take vacations anywhere you want. You can even get wet from swimming in the pool.

Anything, what's so ever, you could do that's appropriate. Summer is a great time for anything.

Vacations you should take are going to California, Oregon, Nevada (Las Vegas), and Canada. This is just ideas that if your parents are planned to go to these places. If you live in the Northwest, you can ride your car through there for about 3 hours or more.

Here in Washington, where

I live, I have went to a lot of trips outside that state. I went to California, Oregon, and Canada. The trips were very tiring I had to sleep in the car.

On your trips you should bring a game system such as Nintendo DS, Game Boy Advance SP, and other game systems just in case if you're bored. I just love to play my DS! I have 4 games which is called Super Smash Bros, Nintendogs, Best Friends Dogs & Cats, and Petz: Dogz Pack. You can pretty much tell that I like to

play dogs or pet games that is about training and caring for them.

Since it's summer already, you should take yourself to a swimming pool party. Playing water games are fun since you could get wet. What people love the best is going to the hot spa. Usually people go in there after they've been cold by the pool.

You must help the environment everyday. By using the water for a few seconds turn it off right away. Too much wa-

- Random things to do over the summer:
- Sleep over at someone's house.
- Take a vacation.
- Sleep all day.
- Wear random clothes for one day.
- Have a party at your house.
- Get wet all over.

Next Issue

Coming up next, the issue will be a Go Green Article.

It will be about you recycling objects that

needs to recycle not waste.
